Health & Nutrition Programs

Question

Does the company have programs on health & nutrition?

Rationale

??The main drivers of product innovation (private labels or generics) in the field of health & nutrition are the increasing health awareness of consumers, the growing number of allergies, new scientific findings, authorities' stricter nutrition and marketing regulations, NGO campaigns and increasingly critical media coverage. Obesity rates in industrialized countries have reached epidemic level and even worst-case scenarios have proven to be too optimistic. This development is not limited to developed markets: in emerging markets (headed by China and Brazil), obesity rates and the related disease symptoms have spread dramatically. Companies which adapt to changing customer demands and authorities' stricter regulations can capitalize on the global trend towards healthier diets and embrace new opportunities in a fast-growing nutrition segment, while contributing to a healthier society. ?With this question, we ass
