Whistleblowing Mechanism

Question

Does the company have a whistleblowing mechanism?

Rationale

As with every strategy or goal, a code of conduct is only as good as the level that it is complied with. A company therefore needs to have proper systems and procedures in place to ensure the implementation of its code of conduct to assure employees, creditors, business partners, shareholders and other stakeholders that internal systems will not be co-opted, circumvented or overridden.

Data Requirements

Third-party verification: For the certification/audit/verification of the compliance system, only independent third parties are accepted. Internal audit is not considered an independent third party. A third-party review must cover the company's codes of conduct and compliance systems for enforcing these codes, including tracking and reporting of breaches. Third-party assurance on other financial data or sustainability reporting is not accepted here.

Supporting evidence:

- This question requires supporting evidence from the public domain. The information provided has to be included in your public reporting (e.g. annual report, sustainability report, integrated report, company publications) or corporate website.
