Question: MSC Certification
Include Modeled Scores : Yes

MSC Certification

Question

What is the share of your company's MSC-certified fish and seafood as a percentage of total wild-caught fish and seafood revenues in the previous fiscal year?

Rationale

Industrialization and population growth has put large amounts of pressure on ecosystems in general. Over-harvesting in fisheries has created a clear drop all over the world in availability of wildcatch fish and seafood. Through the MSC certification criterion, we seek to ascertain what percentage of the company's total wildcatch fish and seafood sold is harvested according to sustainable fishing methods.

Performance Summary	
Question Level Company Performance	0
Question Weight	17
Year-on-Year Change	0
Industry Average Score	12
Industry Highest Score	100

The question layout and the company's verified information is provided below. No information is shown if the company did not provide any information or if it opted out of sharing non-public information.
