# Grupo Bimbo, S.A.B. de C.V. | ESG Scores Raw Data

BMV:BIMBO A (MI KEY: 4276592; SPCIQ KEY: 877906; TCUID: 53231)

**Additional Disclosure**

**Year:** Methodology Year: 2020
**Question:** Water Risk Management Programs
**Include Modeled Scores :** Yes

**Water Risk Management Programs**

## Question

Does the company have programs on water risk management?

## Rationale

As water is becoming a more scarce resource, risks related to both the quality and quantity of available water have become of great importance for companies' operations. With this question, we assess how companies manage quantity and quality-related water risks that are relevant for their operations.

| Performance Summary | |
|---|---|
| **Question Level Company Performance** | 100 |
| **Question Weight** | 17 |
| **Year-on-Year Change** | 0 |
| **Industry Average Score** | 37 |
| **Industry Highest Score** | 100 |

*The question layout and the company's verified information is provided below. No information is shown if the company did not provide any information or if it opted out of sharing non-public information.*

▼ Additional Question Guidance & Information Display

**Data Requirements**

- **For companies with exposure to water-stressed areas** - indicate policies or risk management measures **that apply to the majority** of the plants/sites located in water-stressed areas.
- **For companies with NO exposure to water-stressed areas** - this question needs to be answered by all companies as it also assesses preparedness for future changes in conditions (both in terms of company structure and geographical conditions). Please indicate any policies or risk management measures that have been taken on a corporate level relating to water stress or water-related risks.

**References**

**GRI Standard 303-1** is relevant for this question.

### Questionnaire

How does your company manage risks with regard to the available quantity and quality of water relevant for your operations? At corporate level, we have the overview of the following measures (please tick only if the statement is valid **for the majority of your production plants/sites located in water-stressed areas** and provide supporting evidence).

If you do not have any production plants in water-stressed areas, please indicate which type of risk management measures have generally been taken with regards to water-related risks at your company.

1.

1. ☐

   Corporate water management policy and plan in place, please specify:

2. ☐

   Systematic tracking and monitoring of availability at local level, please specify:

3. ☐

   Estimates of future changes in water availability at local level, please specify:

4. ☐

   Scenario analysis with potential impact on operations, please specify:

2. ○

   We have already taken some measures, though **not** for the **majority** of our productions plants/sites in water-stressed areas.

3. ○

   We do not manage this at group level.

4. ○

   Not applicable. Please provide explanations in the comment box below.

5. ○

   Not known
