Please complete the following table related to coverage of your codes of conduct, and whether or not written acknowledgement has been obtained and training has been provided in the past three years:

Rationale

In order to successfully govern a company's behavior and mitigate adverse effects, Code of Conduct as well as specific anti-corruption & bribery policies should be as comprehensive as possible – not only in content but also in the scope of application. With this question, we assess the extent to which these policies cover the company itself (including subsidiaries and joint business operations), its employees and its suppliers.

Key Definitions

Coverage: Indicates that the party (employee, supplier, etc.) is required to comply with the company's code of conduct.

Written/Digital Acknowledgement: Indicates that the party (employee, supplier representative, etc.) has read and signed, either in writing or electronically, a document acknowledging that they understand and will comply with (or be responsible for ensuring that their organization complies with) the company's code of conduct.

Training Provided: Indicates that the company has provided training to the party (employee, supplier representative, etc.) to ensure that they adequately understand and are able to comply with (or create systems to ensure that their organization complies with) the company's code of conduct.

Joint ventures: We consider JV's to be multiple entities coordinating to attain a common goal and contributing resources (financial or other) towards that goal. We are assessing whether the company covers the imposing of the Code of Conduct for any of its joint ventures. The coverage asked for in this question is the scope explicitly indicated in the code of conduct itself; that is, it should be indicated in the policy to what extent the policy (or connected policies such as a supplier code of conduct with identical content) covers employees, suppliers, etc.
