Human Rights Commitment

Question

Does the company have a group-wide commitment to respect human rights and is it available publicly?

Rationale

The purpose of this question is to identify companies that have an active commitment to respect and protect human rights in their business relationships in line with the UN guiding principles or another internationally accepted standard. The policy needs to be company-specific with a company-wide commitment and not just for a single site, business unit, or project.

Only referring to or being a signatory to external entities such as the UN Global Compact (UNGC) or International Labour Organization (ILO) is not sufficient. A letter from your company to the UNGC is also not sufficient.
