Management Ownership Requirements

Question

Does the company have specific stock ownership requirements for the CEO and other members of its executive committee?

Rationale

As corporate governance systems aim to ensure that a company is managed in the interests of its shareholders, in this question we assess whether there are stock ownership guidelines in place for the company's CEO and other executives. Academic research (e.g. Bhagat and Bolton 2008) suggests that stock ownership by senior management is positively correlated to future operating profit.
