Question: Emerging Market Exposure & Strategy
Include Modeled Scores : Yes

Emerging Market Exposure & Strategy

Question

Please indicate the percentage of your company's revenues from customers based in emerging markets compared to total corporate revenues (direct revenue exposure to emerging markets, i.e. not revenue from customer headquartered in non-emerging markets and selling in emerging markets). Please also indicate your long-term revenue target from emerging markets (3-5 year target).

Rationale

With this questionwe aim to assess how important emerging markets are in the current and future growth strategy of a company; what is the company's current exposure to emerging markets and what target do they have to increase their exposure to emerging markets?

Performance Summary	
Question Level Company Performance	0
Question Weight	51
Year-on-Year Change	0
Industry Average Score	34
Industry Highest Score	100

The question layout and the company's verified information is provided below. No information is shown if the company did not provide any information or if it opted out of sharing non-public information.

Additional Question Guidance & Information Display

Key Definitions

Classification of countries according to the World Bank:

Emerging markets/countries: They aredefined as **low or middle income (lower middle or upper middle income) countries.**

Cost of goods sold (COGS): It refers to the direct costs attributable to the production of the goods sold by a company.

Data Requirements

For revenue and COGS data, please provide data corresponding to the previous fiscal year.

If your company is headquartered in an emerging market according to theWorld Bank Classification, please choose the option: "We are a company based in emerging markets; hence this criterion isnot applicableto us".

Please also tick the box "**Not applicable**" for all other questions within the criterion 'Strategy for Emerging Markets'.

Supporting evidence:

- The document(s) you attached will be used to verify the qualitative part of your response. If a question text field is available, a comprehensive answer in that field can be accepted instead of a supporting document. Any qualitative response that cannot be verified in the attached document(s) or via the information provided in the related question text field (if available) will not be accepted.
- Quantitative figures provided in the response do not need supporting evidence. You may still provide a reference using the reference clip. This could include examples of the underlying calculations or approaches to data aggregation used to compile the provided quantitative information.
- The supporting documents do not need to be available in the public domain.

Questionnaire

Please indicate the percentage of your company's revenues from customers based in emerging markets compared to total corporate revenues (direct revenue exposure to emerging markets, i.e. not revenue from customer headquartered in non-emerging markets and selling in emerging markets). Please also indicate your long-term revenue target from emerging markets (3-5 year target).

1.
    1.

    We are a non-emerging market company with emerging market revenues.

    Supporting evidence:

Year	FY 2018	FY 2019	FY 2020	FY 2021	Please indicate target and target year

Grupo Bimbo, S.A.B. de C.V. | ESG Scores Raw Data

Target share:

% of revenues from Emerging Markets (as a % of total revenues)

by target year:

2. We are a non-emerging market company, but we have not tracked revenues from emerging markets.

3. We are a non-emerging market company, but do not see emerging markets as part of our growth strategy. Please explain why:

If you are a non-emerging market company, what percentage of your manufacturing activities is located in emerging markets? Please indicate this as a percentage of production volume and EITHER as a percentage of revenues or of COGS. Please also indicate the capex spent in these markets as well as the percentage of staff compared to your total workforce.

Supporting evidence:

Manufacturing activity/ Capex/ Workforce	% in Emerging Markets
% of total production volume	
% ot total COGS	
% of total revenues	
Percentage of capex spent on expanding your emerging markets' presence in the last fiscal year:	
At the group level, what is the percentage of staff located in emerging markets compared to the total workforce?	

2. Not applicable. We are a company based in emerging markets, hence this criterion is not applicable to us. Please provide explanations in the comment box below.

3. Not known
