## Question

Does the company have a group-wide policy on non-discrimination and anti-harassment and is it available publicly?

## Rationale

The purpose of this question is to evaluate the quality of the company's non-discrimination and anti-harassment policy. According to the International Labor Organization (ILO), discrimination based on the mentioned identity markers is a violation of human and labor rights. Furthermore, diverse companies with strong non-discriminatory practices have been proven to perform better in terms of innovation, efficiency, productivity, employee engagement and talent attraction and retention, thus making anti-discrimination practices a key strategic topic for companies.

#### Key Definitions

**Discrimination**: Discrimination is defined as the act and the result of treating people unequally by imposing unequal burdens or denying benefits, instead of treating each person fairly on the basis of individual merit. Discrimination can also include harassment.

**Harassment**: Harassment is defined as a course of comments or actions that are unwelcome, or should reasonably be known to be unwelcome, to the person towards whom they are addressed. Non-sexual harassment includes but is not exclusive to mobbing and bullying, while sexual harassment includes a sexual component.

**Zero tolerance:**Zero-tolerance policies against harassmentand discriminationdictate that any allegations are taken seriously and handled confidentially and sympathetically. If allegations are confirmed, remedial action, disciplinary action, dismissal, or legal action will be taken.

**Defined escalation process:** System consisting of specific procedures, roles and rules for receiving complaints and providing remedy. Grievance mechanisms are also accepted here. It should be specifically specified in the company's public domain that the reporting of discrimination and harassment incidents are to be reported through the defined escalation process.

**Corrective action:**Corrective action is a process of communicating with the employee and taking active measures to improve unacceptable behavior.

**Disciplinary action:**A disciplinary action is a reprimand or corrective action in response to employee misconduct, rule violation, or poor performance. Depending on the severity of the case, a disciplinary action can take different forms, including: averbal warning, awritten warning, apoor performance review or evaluation, areduction in rank or pay and termination.

**Number of incidents of discrimination and harassment:** Incidents of harassment or discrimination on grounds of race, color, sex, religion, political opinion, national extraction, or social origin as defined by the ILO, or other relevant forms of discrimination involving internal and/or external stakeholders across operations in the reporting period.

#### Data Requirements

This question requires publicly available information.

We expect companies to have a statement explicitly prohibiting both sexual and non-sexual harassment.

We expect the company's policies and measures to be explicitly relevant to discrimination and harassment. A simple mention of discrimination in the Codes of Conduct is not considered as sufficient. If discrimination and harassment are included in trainings, escalations processes and disciplinary actions together with other breaches of the Codes of Conduct, it should be mentioned that each aspect also covers discrimination and harassment specifically.
