Living Wage Employees

Question

Has your company conducted a living wage assessment of your employees in the last fiscal year to ensure that they are paid a living wage?

Rationale

The purpose of this question is to assess whether your company uses a living wage methodology to assess the wage level of your own employees, contractors, suppliers or franchisees and ensure that they are paid a living wage.

Performance Summary	
Question Level Company Performance	100
Question Weight	20
Year-on-Year Change	0
Industry Average Score	36
Industry Highest Score	100

The question layout and the company's verified information is provided below. No information is shown if the company did not provide any information or if it opted out of sharing non-public information.

Additional Question Guidance & Information Display

Key Definitions

Living wage: Minimum pay received for the basic number of working hours and required to ensure coverage of workers and their families' basic needs. The living wage consists of the base salary and excludes bonuses and overtime (Fair Wage Network).

For the purpose of this question, the living wage methodology should include at least the following three basic expenses (all): food, housing and clothing. Additional expenses include, but are not limited to, health, transportation, personal care Items, childcare and education.

Minimum wage: The minimum amount of remuneration that an employer is required to pay wage earners for the work performed during a given period, which cannot be reduced by collective agreement or an individual contract (International Labour Organization).

This definition refers to the binding nature of minimum wages, regardless of the method of fixing them. Minimum wages can be set by statute, decision of a competent authority, a wage board, a wage council, or by industrial or

labour courts or tribunals. Minimum wages can also be set by giving the force of law to provisions of collective agreements. Following this definition, minimum wages exist in more than 90 per cent of the International Labour Organisation's (ILO) member States. (International Labour Organization)

Questionnaire

Has your company conducted a living wage assessment of your employees in the last fiscal year to ensure that they are paid a living wage?

1. (●)

   Yes, we have conducted a living wage assessment of our employees in the last fiscal year.

   Supporting evidence:

A. Country	B. Largest countries by number of employees	C. Wage exposure	D. Hourly living wage estimate
	Which are the three countries where the largest number of your own employees are located?	What percentage of your employees based in this country earn an hourly wage which is lower than the hourly living wage of this country?	What is your hourly living wage estimate for this country for an adult individual employed full-time?

Country 1

Country name:

México

Percentage of FTEs based in this country out of total FTEs:

56

Please select one of the following options:

1. (•) 100% of our own employees based in this country are paid an hourly wage equal or higher than the living wage of this country.
2. ( ) We have calculated the percentage of our employees based in this country who are paid an hourly wage below the hourly living wage of this country:

   Not answered
3. ( ) We have not calculated the hourly living wage of this country.

   Please provide the percentage of your employees based in this country who are paid the hourly minimum wage (see the definition in the information text of this question):

   Not answered
4. ( ) Not known

Please convert your living wage estimate in US dollars at the exchange rate of your fiscal year-end date.

Hourly living wage for an adult individual employed full-time:

Currency: USD - US Dollars

507.92

/ hour

Country 2

Country name:

USA

Percentage of FTEs based in this country out of total FTEs:

16

1. [ ] Not applicable: more than 95% of our employees are based in country 1.

Please select one of the following options:

1. (•) 100% of our own employees based in this country are paid an hourly wage equal or higher than the living wage of this country.
2. ( ) We have calculated the percentage of our employees based in this country who are paid an hourly wage below the hourly living wage of this country:

   Not answered
3. ( ) We have not calculated the hourly living wage of this country.

   Please provide the percentage of your employees based in this country who are paid the hourly minimum wage (see the definition in the information text of this question):

   Not answered
4. ( ) Not known

Please convert your living wage estimate in US dollars at the exchange rate of your fiscal year-end date.

Hourly living wage for an adult individual employed full-time:

Currency: USD - US Dollars

2410.74

/ hour

Country 3

Country name:

Canada

Percentage of FTEs based in this country out of total FTEs:

3

1. ☐ Not applicable: more than 90% of our employees are based in countries 1 and 2.

Please select one of the following options:

1. ◉ 100% of our own employees based in this country are paid an hourly wage equal or higher than the living wage of this country.
2. ○ We have calculated the percentage of our employees based in this country who are paid an hourly wage below the hourly living wage of this country:

   Not answered
3. ○ We have not calculated the hourly living wage of this country.

   Please provide the percentage of your employees based in this country who are paid the hourly minimum wage (see the definition in the information text of this question):

   Not answered
4. ○ Not known

Please convert your living wage estimate in US dollars at the exchange rate of your fiscal year-end date.

Hourly living wage for an adult individual employed full-time:

Currency: USD - US Dollars

2295.42

/ hour

2. ○ No, we have not conducted a living wage assessment of our employees in the last fiscal year.
3. ○ Not applicable. Please provide explanations in the comment box below.
4. ○ Not known
