Codes of Conduct

Question

Does the company have a group-wide code of conduct and is it available publicly?

Rationale

Codes of Conduct are corporate documents outlining a company's values, principles and guidelines in a variety of areas. Ideally, codes combine aspirations and detailed standards on how to put them into practice, guiding the way the company conducts its business activities. Codes of Conduct are voluntary but often seen as an important part of company culture, reputation and compliance. With this question, we assess the existence and scope of a company's Code of Conduct.
