Employee Turnover Rate

Question

Does the company track its employee turnover rate?

Rationale

People are one of the main drivers of corporate growth and play an essential role in the successful execution of companies' strategies. In this question, we assess both total and voluntary turnover. Total turnover may fluctuate and reflect industry trends or economic cycles. Voluntary turnover is a better indicator to evaluate a company's ability to retain its employees. This indicator may reflect high levels of uncertainty or dissatisfaction among employees or structural organizational changes. High turnover may impact employee productivity and lead to increased costs due to higher expenses for employee recruitment. Finally, it is very important to evaluate turnover patterns by age, gender, or other employee groups as this can be an indication of incompatibility or potential inequity in the workplace.

Performance Summary	
Question Level Company Performance	60
Question Weight	10
Year-on-Year Change	0
Industry Average Score	30
Industry Highest Score	100

The question layout and the company's verified information is provided below. No information is shown if the company did not provide any information or if it opted out of sharing non-public information.

Additional Question Guidance & Information Display

Key Definitions

Total employee turnover: Refers to the proportion of employees who leave an organization over a set period (often a year), expressed as a percentage of the total employees. The figure should be calculated using the total number of employees at the end of the latest reporting year. The total employee turnover rate number should be the sum of the voluntary employee turnover and the involuntary employee turnover rate.

Voluntary employee turnover: Refers to the proportion of employees who choose to leave an organization (such as resignation, retirement, early retirement etc.) over a set period (often a year), expressed as a percentage of the total employees. The figure should be calculated using the total number of employees at the end of the latest reporting year.

Data Requirements

- If the company doesn't have a lot of FTEs because they outsource all their activities to contractors, then contractors are to be considered employees and the question will be applicable.
- If the company's definition of the turnover rates does not match our definition, then mark **"Not applicable"** for this question

Disclosure requirements: Additional credit will be granted for relevant publicly available evidence covering the following aspects of this question, for at least the most recent reported year.

- Total employee turnover rate
- Voluntary employee turnover rate

Data Breakdown:

- We don't expect companies to break down the data by all the categories mentioned in the question, but full points will be granted for this section for having a breakdown for at least 2 categories. The purpose of this section is to assess whether companies are able to track these metrics in a way to be able to evaluate and ensure fair treatment of all employees.
- In Europe, according to **Article 9 of the GDPR**, it is prohibited to process personal data revealing racial or ethnic origin, except if the data subject has given explicit consent to the processing of those personal data, provided this is not prohibited by national law. Other exemptions exist, such as reasons of substantial public interest which might include statistical research purposes for equality of opportunity and treatment. We therefore expect companies to report on **only two different categories**, in order to not penalize companies that do not report data breakdown on race.
- For this section, companies can attach either private or public evidence and we expect to see the specific quantitative data broken down by these categories.

Please note:

- If you have **25 or less FTEs** in your organization, then **please mark the question as "Not applicable"**.
- If you have **26-249 FTEs**, then also this questions will be **marked as "Not applicable"**

Standards & Frameworks

CSRD - S1-6 60c AR 59

EDCI - Annual Percent Attrition

ESG Disclosure Standards (China) - S.1.1.3 Employee turnover rate

GRI Disclosure - 401-1

IRIS+ - OI1150, OI1638, OI3653, OI4499, OI8431

WEF Metrics - Absolute number and rate of employment

Total employee turnover rate data breakdown by management level	-
Total employee turnover rate data breakdown by race, ethnicity, nationality, country of origin or cultural background	YES

Questionnaire

Please indicate your company's total and voluntary turnover rates for the last four years as a percentage of total number of employees in the table below.

1. (●)

	FY 2020	FY 2021	FY 2022	FY 2023
Total employee turnover rate				
1. ☑ This data is publicly available. Please provide supporting evidence:	13	20	17	17
Voluntary employee turnover rate				
1. ☑ This data is publicly available. Please provide supporting evidence:	Not answered	14	15	16
Data coverage (as % of all FTEs globally)	100	100	100	100

DATA BREAKDOWN

We break down the data of the total employee turnover rate based on the following categories. Please provide supporting evidence:

1. ☑ Age group
2. ☑ Gender
3. ☐ Management level (e.g. junior/low level, middle, senior/top level management)
4. ☑ Race, ethnicity, nationality, country of origin or cultural background

2. ○ We do not report this information
3. ○ Not applicable. Please provide explanations in the comment box below.
4. ○ Not known
