OHS Programs

Question

Does the company have a program on Occupational Health and Safety (OHS)?

Rationale

Poor occupational health and safety (OHS) performance directly affects labor costs through lower productivity. Lower performance not only poses a threat to a company's reputation and staff morale it results in increased operating costs in the form of fines and other contingent liabilities. This question, aims to find out how a company ensures effective management of health risks/issues and to identify companies that have dedicated OHS programs.

The OHS programs should cover a set of actions that ensure a robust, credible and reliable OHS management system, which aims to provide tools to assess and improve performance in the prevention of workplace incidents and accidents via the effective management of hazards and risks.

Performance Summary

Question Level Company Performance	80
