Canada Bread Reports Results for First Quarter 2010

Toronto, Ontario – April 29, 2010… Canada Bread Company, Limited (TSX: CBY) today reported its financial results for the first quarter ended March 31, 2010. First quarter highlights include:

- Adjusted Operating Earnings were $20.3 million; $21.4 million last year
- Adjusted EPS were $0.55 compared to $0.60 last year
- Basic EPS were $0.50 compared to $0.59 last year

Note: Adjusted Operating Earnings are defined as earnings from operations before restructuring and other related costs and other income. Adjusted Earnings per Share ("Adjusted EPS") are defined as basic earnings per share adjusted for the impact of restructuring and other related costs, net of tax.

"Our first quarter results were impacted by transitory challenges in our Frozen Bakery business, including our North American and U.K. operations, which more than offset earnings growth in our Fresh Bakery business," said Richard Lan, President and CEO. "We are taking steps to reduce costs and build volumes, and as a result are seeing signs of improvement in these businesses. We are confident that these initiatives will drive better results."

Financial Overview

Sales for the first quarter declined to $381.9 million from $413.1 million in the prior year, due to the unfavourable impact of currency shifts and lower volumes in the Frozen Bakery segment.

Adjusted Operating Earnings in the quarter decreased to $20.3 million from $21.4 million. The earnings decline in the first quarter mostly reflected the impact of lower volumes in the Frozen Bakery segment. This was partly offset by increased operating earnings in the Fresh Bakery segment.

Net earnings declined to $12.7 million ($0.50 per share) compared to $14.9 million ($0.59 per share) last year. Adjusted EPS declined to $0.55 from $0.60 in the prior year.

Following is a reconciliation of Basic EPS to Adjusted EPS:

	First Quarter	
	2010	2009
Basic EPS	**$0.50**	$0.59
Restructuring and other related costs	**$0.05**	$0.02
Adjusted EPS	**$0.55**	$0.60[(i)]

(i) Does not add due to rounding.

Business Segment Review

Following is a summary of Adjusted Operating Earnings by business segment:

($ thousands)	First Quarter	
	2010	2009
Fresh Bakery	**$20,691**	$12,818
Frozen Bakery	**(367)**	8,532
Adjusted Operating Earnings	**$20,324**	$21,350

Fresh Bakery

Includes fresh bakery products, including breads, rolls, bagels, sweet goods, prepared sandwiches, and fresh pasta and sauces sold to retail, foodservice and convenience channels. It includes national brands such as Dempster's® and Olivieri® and many leading regional brands.

First quarter sales of $257.2 million were slightly lower than sales of $263.0 million in the same period last year, mostly due to lower sales in the fresh sandwich business and increased trade investment. Adjusted Operating Earnings in the quarter increased to $20.7 million from $12.8 million.

Frozen Bakery

Includes frozen bakery products, including frozen par-baked bakery products, specialty and artisan breads, and bagels sold to retail, foodservice and convenience channels in North America and the U.K. It includes national brands such as Tenderflake® and New York Bakery Co®.

Sales declined to $124.7 million from $150.1 million last year, in part due to the unfavourable impact of a stronger Canadian dollar on the Company's sales in the

U.S. and U.K. and lower sales volume in both the North American and U.K. frozen bakery businesses.

Adjusted Operating Earnings in the quarter were a loss of $0.4 million compared to earnings of $8.5 million last year, mostly due to the decline in sales volume. Management expects the volume decline in North America to be transitory as new business is gradually being secured and is taking steps to reduce the cost base in the Company's U.K. operations until volumes improve.

Other Matters

On April 28, 2010, Canada Bread Company, Limited declared a dividend of $0.06 per share payable on July 2, 2010 to shareholders of record at the close of business on June 5, 2010. Unless indicated otherwise, by the Company, in writing at or before the time the dividend is paid, this dividend will be considered an eligible dividend for the purposes of the "Enhanced Dividend Tax Credit System".
