GRI General Disclosures

GRI	Content	Answer in table, omission, and/or clarification	Page(s)
Grupo Bimbo, S.A.B. de C.V. has prepared this report with reference to the GRI Standards for the period from January 1 to December 31, 2025			
GRI 1: Foundations 2021 **GRI 2: General Disclosures 2021**			
1. The organization and its reporting practices			
2-1	Organizational details		6-7, 15-18
2-2	Entities included in the organization's sustainability reporting		174
2-3	Reporting period, frequency, and contact point		174
2-4	Restatements of information	An update to the baseline used to measure the carbon footprint, as well as alignment with evolving SBTi best practices, resulted in adjustments to the methodology for calculating GB's carbon footprint. This had an impact on reported emissions for 2024, as well as those for the current year. Further details on this are available in the "Performance Data" annex. The calculation methodology for the Materials indicators (301-1, 301-2) was updated to report the proportion of recycled materials out of the total materials used, including both renewable and non-renewable materials. The 2024 figures have been recalculated to maintain comparability.	Answer in table
2-5	External assurance	This report underwent an internal audit process at Grupo Bimbo. An independent third party was engaged to verify the results of the KPIs related to all goals in the "Baked for You" (nutrition) strategy, as well as those for water, materials, and waste. Further details on this data are available in the "Performance Data" annex.	Answer in table
2. Activities and workers
