GRUPO BIMBO
REPORTS THIRD QUARTER 2022 RESULTS
Mexico City, October 27, 2022

"Topline performance was exceptional in this third quarter, we reached a record level of sales and profits, our volumes continued to grow despite price increases, and our revenue growth management initiatives are increasingly being reflected in our results. The inflationary environment we are currently living in has been very challenging, yet we have been able to navigate through it thanks to the resiliency of our categories and the high demand for them, the hard work of our associates, the trust of our consumers and customers and the strength of our brands which continue to resonate globally."

-Daniel Servitje, Chairman and CEO

"Despite the multiple challenges we are facing on several fronts, we continue to see a strong 2022, as our volumes and sales continue to exceed our expectations. We are optimistic that 2023 will be a year where we will continue to realize the benefits of our growth strategy and productivity initiatives."
