Animal Welfare Policy

Question

Does the company have a policy on animal welfare and is it available publicly?

Rationale

In the past decade, the importance of animal welfare has been increasingly recognized in commercial livestock operations. Governments, academic institutions, and animal welfare professionals are addressing animal welfare at different points in the agricultural supply chain, while consumers demand higher standards for food safety and animal welfare.

Businesses that address or enhance animal welfare are likely to win or retain a competitive advantage in the global marketplace by:

•reducing costs due to reduced animal stress and other welfare benefits, which can lead to increased productivity;

•realizing growing market opportunities for food produced in animal welfare-credential systems; and/or

•becoming the producer of choice for retailers and consumers concerned with animal health and welfare, food safety and quality, human health, and the environment.

The concept of Five Freedoms has been widely acknowledged as setting a basic animal welfare standard. It originated with the *Report of the UK Technical Committee to Enquire into the Welfare of Animals kept under Intensive Livestock Husbandry Systems*, the Brambell Report, December 1965. The concept was subsequently refined by the Farm Animal Welfare Council so that it actually took the form of the five freedoms, see, for instance: https://www.gov.uk/government/groups/farm-animal-welfare-committee-fawc#our-terms-of-reference

With this question we seek to assess if your company is committed to certain basic animal welfare standards.

Performance Summary	
Question Level Company Performance	100
Question Weight	10
Year-on-Year Change	0
Industry Average Score	19
Industry Highest Score	100

The question layout and the company's verified information is provided below. No information is shown if the company did not provide any information or if it opted out of sharing non-public information.

Data Requirements

This question is "**Not Applicable**" to companies that do not produce or sell animals and/or animal products.

Data View

No information was found in the public domain.

Questionnaire

Does your company have a policy committing it and/or its suppliers to animal welfare principles? Please attach supporting evidence or provide a link to your policy. **If your company does not produce or sell animals or animal products please select "not applicable."**

1. ○ Yes, and our policy/commitment covers the following "freedoms of animal welfare":
   1. ☐ Freedom from hunger and thirst, by ready access to water and a diet to maintain health and vigor.
   2. ☐ Freedom from discomfort, by providing an appropriate environment.
   3. ☐ Freedom from pain, injury and disease, by prevention or rapid diagnosis and treatment.
   4. ☐ Freedom to express normal behavior, by providing sufficient space, proper facilities and appropriate company of the animal's own kind.
   5. ☐ Freedom from fear and distress, by ensuring conditions and treatment that avoid mental suffering.
2. ○ We do not have an animal welfare policy.
3. ○ Not applicable. Please provide explanations in the comment box below.
4. ○ Not known
